

THANK YOU!

2018-19
DONOR REPORT

Cooke
School and Institute

Grammar School Kindergarten through 8th grade

Cooke Grammar School (CGS) utilizes traditional and innovative teaching methods to address the specific needs of its students. Our Grammar School teachers and therapists instruct students in a supportive setting and build on each student's strengths and developmental needs. CGS instruction follows an academic sequence guided by the Next Generation Learning Standards, and through engaging classroom experiences, students gain new skills and knowledge. CGS is a vibrant school; classrooms come alive with fun, applied math and science activities, integrated technology projects and humanities lessons that cultivate reading and writing skills while encouraging opportunities for student leadership.

Academy 9th through 12th grade

Cooke Academy (CA) is a specialized high school that meets a critical need in New York City. CA offers quality individualized special education services not accessible to most high school students with special needs. Recognized for its rigorous academics and therapeutic programs, our school offers students the opportunity to develop academic, social, vocational and adaptive living skills.

Academy students participate in off-site education activities with dozens of community partners and select internship placements that match their unique strengths and interests. Students also develop their independent living skills, from navigating public transportation, to banking and grocery shopping, to preparing meals and doing laundry in the school's Daily Living Lab.

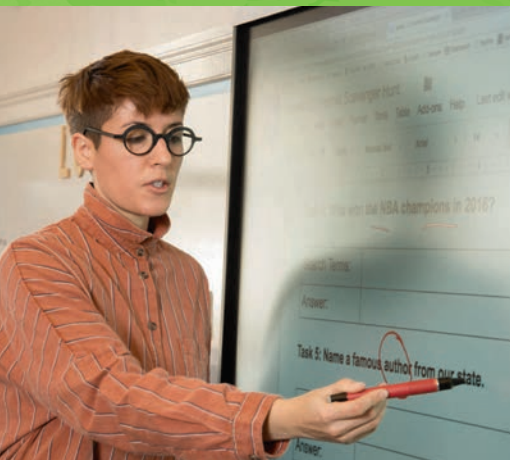

SKILLS Ages 18-21

SKILLS (Skills and Knowledge for Independent Learning and Living) is a program designed to round out the academic, social, and life skills needed to make the transition from high school to adulthood. In addition to continued academics in the core subject areas, SKILLS students can take advantage of all that New York City has to offer—using libraries, parks, museums, gyms and recreation centers as living classrooms. An active Cooke Alumni Association offers recreational opportunities, ongoing support and continuing education to Cooke graduates.

Cooke Institute Consulting & Training

The Institute furthers Cooke's mission to share our knowledge with educators in the broader community. In the end, our goal is to improve the educational experience for all children. Cooke Institute works directly with a multitude of educators in different roles to elevate outcomes in general and special education. Working with teachers and school leaders, Cooke Institute consultants support educators to gain knowledge of the diverse needs of their students.

COOKE SCHOOL MISSION

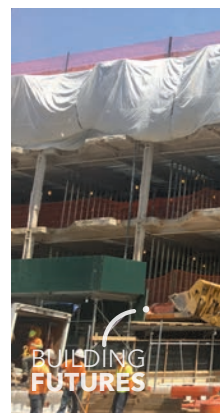

Cooke envisions a world in which all people with special needs are included as valued members of their communities, leading independent and purposeful lives.

Cooke School Mission | Building Futures

BUILDING FUTURES

Our new school building will help ensure that every child learns in an optimal environment and every family receives the support they need.

“Cooke will finally have the facilities to complement their level of excellence in education and programming.”

– ARTHUR SKELSKIE
Cooke Board member

BUILDING FUTURES

Cooke wishes to acknowledge the pioneers who have given their support to our *Building Futures Campaign*. It is through your generosity and vision that this capital project is under way to build Cooke's legacy.

DONORS 2018-2019

Thanks to you, our generous donors, Cooke is able to provide exceptional special education services to children from every borough of New York City. With gratitude, we acknowledge the individuals, corporations and foundations that have contributed to Cooke. Because of your support, we are able to continue to serve thousands of diverse learners and impact the lives of many more!

FOOD FOR THOUGHT 2019

TO BENEFIT COOKE'S EXPANDING ALUMNI PROGRAM

More than 500 guests gathered for our *Food for Thought* 2019 gala at Pier Sixty in NYC to honor president, Dr. Michael Termini, and Cooke board member and internship host, Brett Rogoff, for their dedication and commitment to Cooke. The gala was a great success and a wonderful evening—new memories were made as the Cooke community came together to celebrate. We look forward to continuing our work to build futures for our students, and we are so very grateful for your support.

Financial Highlights 2018-19

Cooke maintains a commitment to serve any child that can benefit from our educational services, regardless of socio-economic status. To help achieve this level of financial support for our diverse student body, we rely on donations from individuals, foundations and corporations. 87¢ of every dollar donated directly supports Cooke programs.

TOTAL EXPENSES	\$24,926,538
-----------------------	---------------------

SAVE THE DATE!

FOOD FOR THOUGHT 2020 May 19, 2020

This upcoming chefs' tasting event is Cooke's most anticipated fundraiser of the year. Our guests are treated to an evening of gourmet food, exquisite wine pairings and splendid views of the Hudson River, at Pier Sixty, in New York City. We welcome you to join us for this spectacular event in support of the Cooke community.

WAYSTO #SUPPORT COOKE

Annual Giving: Contributing to Cooke's Annual Giving Campaign supports the operation of our school and enables us to provide competitive salaries for our teachers. Annual giving is also essential to support our ability to welcome families of all income levels and ensure that the cost of tuition is not a barrier to enrollment. The Annual Giving Campaign closes on June 30. Every gift, no matter the amount, has an impact on Cooke students and is greatly appreciated. Make a donation today to cookeschool.org/donate.

Building Futures Campaign: In 2017, Cooke embarked on a \$10 million capital campaign to support our strategic goals, including the construction of a state-of-the-art school building and the expansion of the Alumni program. We've made great progress toward our goal, but your continued support is critical to achieving this success. For more information, go to: cookeschool.org/buildingfutures
